

LifePlan

NOVEMBER

Prayer Calendar

• November 1 – 8

Pray with us that God would graciously open doors of opportunity for our mentors to compassionately share the Gospel with their clients. Ask that our clients lives would be positively impacted by the time spent with their mentors and through the BrightCourse videos.

• November 9 – 15

We are asking for prayer for our Student Education team as they teach our Sexual Risk Avoidance curriculum. Several weeks ago, during a lesson on Whole Person Health, students were asked to share ways they nurture their spiritual well-being. They mentioned nature, friends, pets, and hobbies—but not one student mentioned prayer. These children desperately need the hope found in the Gospel.

• November 16 – 22

Each campus hosts a community outreach event once a quarter. Our Niles campus often hosts group classes for our clients and other community members. In the past these classes have been highly attended, but recently, attendance has been lower. We pray that the Lord would help bring awareness about these valuable classes. Praise the Lord with us that our community partners are so willing to put time and energy into these classes despite the low attendance rate.

• November 23 – 29

As the holidays quickly approach, we ask for prayer that our staff, volunteers, and clients would stay anchored in the true meaning of the season and not become overwhelmed by the busyness and chaos that often accompany this time of year.

• November 30

Pray that the Lord would continue to provide mentors for our Benton Harbor campus. We are praising the Lord for new mentors and trust that he will provide the perfect individuals to speak life into our clients.

The most important way you can support LifePlan is through prayer. Please take this calendar and pray over the requests for each week. Together, with the power of God, we can help people choose life and live hope-filled lives.
