

# LifePlan

## FEBRUARY

### Prayer Calendar

#### • February 1 – 7

Please pray for our clients who are walking through seasons of severe hurt and brokenness. Ask God to give our mentors His words and divine guidance as they minister to these clients, that they would speak truth with compassion and point them to the hope found in Christ. Pray that the Holy Spirit would work powerfully through every conversation, bringing healing, restoration, and the peace that surpasses all understanding.

#### • February 8 – 14

Pray for God to open speaking opportunities for our Executive Director at local churches across our three communities. Ask the Lord to prepare the hearts of those who hear about LifePlan, that they would be stirred by the Spirit to answer His call and join us in our mission. All three of our campuses are in urgent need of volunteers—pray for divine appointments and clear callings as God raises up faithful servants to meet this pressing need.

#### • February 15 – 21

Praise God for His protection over our clients who have braved terrible weather conditions to attend their medical appointments—He has kept them safe! Please pray that every patient who comes for medical services would have a softened heart prepared to receive the hope of the gospel. Ask the Lord to fill each ultrasound appointment with joy as mothers and fathers see their babies for the first time, recognizing the precious life God has created and feeling His love wash over them in that sacred moment.

#### • February 12 – 28

Please pray for our upcoming Lunch and Learn events, where current volunteers invite friends who might be a good fit to serve at LifePlan. Pray for boldness and confidence for our volunteers as they invite friends to this event. Ask God to prepare the hearts of those who attend, that they would be stirred by the Spirit to join us in our mission. Ask God to draw the right people at the right time to serve alongside us.

The most important way you can support LifePlan is through prayer. Please take this calendar and pray over the requests for each week. Together, with the power of God, we can help people choose life and live hope-filled lives.
